Dear Educator,

Thank you for your interest in Call of the Sea! We hope to share an exciting day on the bay with your class. Call of the Sea is actively committed to getting all students out on the water, regardless of socioeconomic background. Therefore, we try to keep our prices as low as possible for schools, while covering operating costs. It is important to us to provide affordable sailing experiences on the bay, and to make our programs accessible to all.

We want to make sure that we are the best possible stewards of these limited resources, so we ask that you please fill out this short application. Though we hope to fund schools with the greatest need, our schedule requires that our decisions be made on a first come-first served basis. Therefore, we encourage you to start the process as early as possible because we will only be able to award a fixed number of scholarships per season. In the event that we are unable to provide you with funding, don't give up! We may be able to recommend other organizations that financially support youth sailing.

Thank you for all the great work you do with your students. I hope that, together, we can help them experience the wonders of San Francisco Bay under sail.

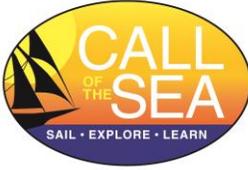

Sincerely,  
Mary Rutz
