

Call of the Sea 2023 Science Immersion Sailing Camp

5 day expedition program, spending one night aboard the Matthew Turner

Camp Objectives:

- Work together to design a scientific research project.
- Navigate & sail together as a community at sea.
- Challenge yourself and make time for self reflection.
- Develop leadership skills.
- Gain insights about future opportunities around the Bay.
- Increase appreciation for the natural world.

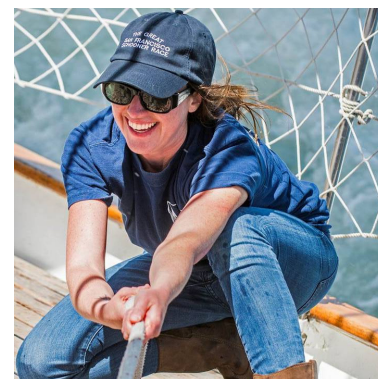

Dates: July 10-14 8:30 am – 3:30 pm
Where: Sausalito, Bay Model Visitors Center
Ages: 13-18

Cost: \$850 Scholarships available
Includes all safety gear and equipment
& food for the overnight
(dinner, breakfast & lunch one day).

Photo by John Skoriak

Participants become active sailors, explorers and marine biologists. They will sail every day of the week on San Francisco Bay, learning about sail theory, helping sail the ship and collecting water samples to study. They will experience a night anchored out, observing the night sky, taking turns at anchor watch and learning about teamwork and life aboard a tall ship.

Covid 19 Safety Protocol:

- Proof of vaccine & Covid testing required for overnight
- Masks are required inside
